Commissioner For Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

On April 24, 2003, Applicant E-filed documentation to change the customer number and associated correspondence address to Customer No. 32996. Copies of the documentation are enclosed herewith, including EBC fax from Tony Uranga.

An Office Action mailed on August 16, 2004, was incorrectly mailed to the office of Chupa & Alberti, P.C. The Office Action was then returned to the U.S. Patent and Trademark Office as undeliverable.

Applicant only became aware of the Office Action after checking the status on PAIR in late January 2005. Had the Office Action been correctly addressed by the Patent Office, Applicant would have had a full three months to respond without any penalty.

Re: CN Upload for CN 32996 **CC:**

We are in receipt of your spreadsheet to associate your applications/patents with your customer number. We have compared the correspondence addresses of the applications/patents numbers from the list with the existing correspondence addresses in the PALM database and have generated a list of mis-matched addresses (error report). Please see the attached spreadsheet.

Please review all applications and patents on the attached error report spreadsheet. Once you have verified whether or not you wish to associate all of these numbers with your customer number, please mark them as such on the attached spreadsheet (i.e., yes or no) and fax it back to me at (703) 308-2840. Please note that once the Patent Electronic Business Center processes the final corrected list, the correspondence and maintenance fee addresses for each application found on the corrected list will be associated with the correspondence address from your customer number. Detailed review and verification of the application and patent numbers on the error report list is critical because any application or patent on the approved final corrected list that should not have been included will be disassociated from its proper correspondence address and assigned to you.

Notice that if the correspondence address comparison performed by the PEBC turns up a large number of applications on the error report, you may be asked to provide a new spreadsheet more consistent with the results shown from the error report.

If there are NO changes to be made, you can just fax me back to let me know that it is ok to associate all files with your customer number.

If you have any questions, please feel free to contact me at 1-866-217-9197 (toll free) or 1-703-305-3028.

Sincerely,

Tony E. Uranga
